

Paint Scentsations works in any latex or oil-based paint to eliminate odors and add lasting freshness.

Smoke Odors

Pet Odors

Cooking Odors

DIRECTIONS: Add contents (1 fl oz) to one gallon of paint. Shake or stir thoroughly, then apply as directed by the manufacturer. Scent lasts approximately 2-4 months. Mix with any latex or solvent paint, it will not affect the paint's color, quality or application. The scent level will be stronger while you're painting. For a milder scent, use less (1/2 fl oz).

CAUTION: EYE IRRITANT. HARMFUL IF SWALLOWED. Contains fragrance. Avoid contact with eyes, skin, clothing, and furniture. Do not swallow. **FIRST AID: EYES AND SKIN:** Immediately rinse with plenty of water for at least 15 minutes. If irritation persists, get medical attention. **IF SWALLOWED:** Do not induce vomiting and call a physician. **NOT RECOMMENDED FOR USE BY ASTHMA OR ALLERGY SUFFERERS. KEEP OUT OF REACH OF CHILDREN AND PETS.**

DIRECCIONES: Agrega el contenido (1 fl oz) a un galón de pintura. Agita o revuelve completamente, luego aplica según las indicaciones del fabricante. El aroma dura aproximadamente de 2 a 4 meses. Mezcla con cualquier pintura a base de látex o solvente, no afectará el color, la calidad ni la aplicación de la pintura.

Fresh scent lasts for
2-4 months
