3M™ Synthetic Steel Wool Pads

3M™ Synthetic Steel Wool Pads are a combination of synthetic fibers and abrasive particles that work like steel wool. Yet these durable pads are easier on hands, resist clogging, and can be rinsed and reused.

3M™ Synthetic Steel Wool Pads won't rust, splinter or shred. They outlast steel wool.

3M™ Synthetic Steel Wool Pads are compatible with both solvent-based and water-based stains and finishes.
