

Metallic Paint™ COLLECTION

Colors in the Metallic Paint Collection contain three levels of coverage/hide: Opaque, Semi-Opaque and Sheer. Opaque colors have excellent hide; two coats are recommended for best results. Semi-Opaque colors have good hide; three coats are recommended for best results. Sheer colors are translucent overcoats that give luster to traditional paints, other Metallic Paint colors or faux finishes. Check the label on the container for the coverage level. Metallic Paint covers approximately 320-400 sq. ft./gallon. Available in 6 oz, quart and gallon sizes.

- Water-Based • Low VOC • Intermixable
- Interior (For exterior applications topcoat with MasterClear® Protective Clear)
- Brush or Roller Applied
(Add Extender for rolling applications)
- Available in 6 oz, quart and gallon

Extraordinary

Easy to Achieve Shimmering High End Look

Create the

The Metallic Paint Collection is formulated with shimmering, non-tarnishing particles that provide a high end look on a variety of surfaces. Available in satin and matte colors, they are gorgeous on their own. They can also be layered to create unique tone-on-tone finishes. The smooth, easy application is perfect to brush on furniture or to roll onto an accent wall.

- Opaque – 2 coats for coverage
- Semi-Opaque – 3 coats for coverage
- ▲ Sheer – translucent overcoat

Satin Pre-Mixed Water Base Metallic Colors

** Colors may not indicate true color due to printing variances.

Sheers

Metallic colors are intermixable allowing for on-site color modification and creating one-of-a-kind custom colors.

Matte Pre-Mixed Metallic Colors

Metallic Paint Collection Warm and Cool Primers

Thoroughly clean and prep the surface. Then, prime surfaces with Modern Masters Metallic Paint Collection Primer (Warm or Cool Tone).
