MasterClear Supreme advanced resin technologies protect interior surfaces against abrasion, scuffing, chipping, water, alcohol, household chemicals and exterior surfaces from oxidation, salt-air, chlorine, acid rain, mildew, etc. Innovative low-voc formula has outstanding gloss retention and clarity with added UV blockers and absorbers that actually protect stained wood and painted surfaces from the graying and fading effects of the sun.

Available in Matte, Satin, Semi-Gloss, Gloss

The Protective Clear Coat with a Conscience

- Contains less than 50g/L VOC

Water base technology that works!

Recommended Surfaces

Interior

Protects painted surfaces, oil and water base stained wood, columns, cabinetry, mantels, wainscot, wood paneling, crown molding, baseboards, chair rails and furniture. It is a perfect clear coat for faux marble and wood grained surfaces.

Exterior

UV and weather resistant, it extends the life of previously painted surfaces, stained or unstained wood, such as doors, porch surrounds and supports, decorative moldings, painted facade, garage doors and outdoor furniture.
