Apex®

High Performance Polymer (HPP) Interior Water-Based Clear Finish

Apex HPP is a single-component finish with an optional hardener for improved durability.

Apex[®]

High Performance Polymer (HPP) Interior Water-Based Clear Finish

A spray-only clear finish for use on wood surfaces, kitchen cabinets, office and household furniture such as bars, tabletops and vanities, and fine architectural woodwork including trim, windows, and doors. For interior use only.

FEATURES

- Excellent sandability as a self-seal system
- Fast dry and stacking times
- Excellent sag resistance ensures a smooth, even finish without runs, even on vertical surfaces
- Exceptional chemical and wear resistance
- Minimal grain raise
- Great self-leveling system that delivers a beautiful high-end finish
- Meets KCMA and ASTM performance requirements when applied according to manufacturer's specifications
